

"SYM JUMBO"

*Design registration pending

"New"
product
from Japan

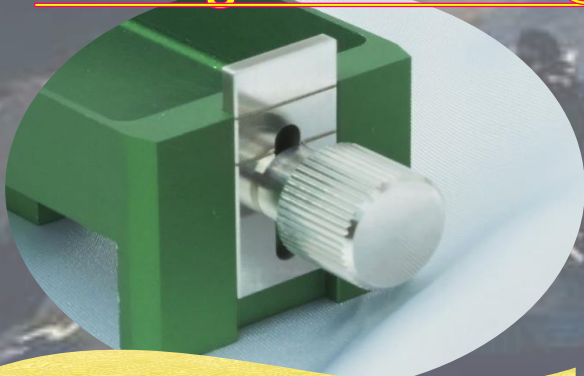

See things from a different perspective

Striking innovation ①

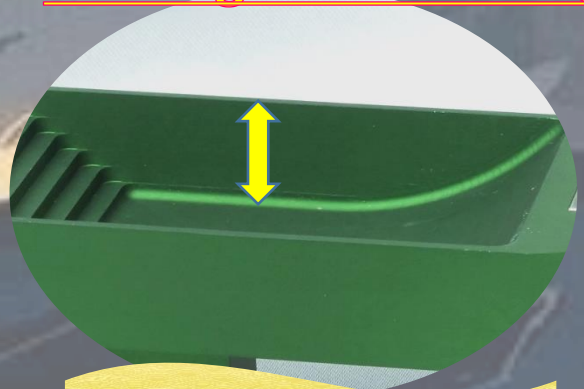

No slope, "Steps"

Striking innovation ②

"Adjustable" height

Striking innovation ③

"Deeper" boat

Angle-tuned

Height
adjustment

You can set the edge of water as desired.
It brings you to use it much easier than now.
Safeguard against water leak.

Deeper
than the others

Accessible
from the side

SYM JUMBO: 10.0mm
Other's JUMBO: 7.0mm

Deeper than other maker's JUMBO.
Collect sections easily.
